

COMPOSITES EUROPE

13th European Trade Fair & Forum for Composites, Technology and Applications

06 – 08 November 2018 • Messe Stuttgart, Germany

Organised by
 Reed Exhibitions

WE CONNECT MATERIALS AND EXPERTS

supported by

US PAVILION – INTERESTED IN EXHIBITING INTERNATIONALLY?

Come to Germany, the largest composites market in Europe and exhibit at COMPOSITES EUROPE – the number one composites trade fair in Germany!

Why COMPOSITES EUROPE?

Large market and strong growth

Germany is the strongest composites market in Europe and by far the largest producer of GRP in Europe, with an estimated production volume of 220 kt in 2016, compared to 110 kt in France for example (AVK Market Report 2016).

Number one composites industry get-together in Germany

- More than **400 exhibitors** representing the complete process chain of composites*
- More than **9,000 trade visitors**, including **45 % from abroad**, from **60 countries***

Meet the right target group – high focus on application:

- **automotive, aerospace/aeronautics, mechanical engineering, building and construction, marine/shipbuilding, sports and leisure and wind energy**
- **72 %** of the trade visitors make acquisition decisions or have an influence on them**
- **65 %** of the trade visitors come from research, development and construction, management, manufacturing, purchasing and procurement**

* Expected figures. ** From a representative visitor questionnaire at COMPOSITES EUROPE 2015 carried out by a neutral market and opinion research institute.
