

COMPOSITES EUROPE

14th European Trade Fair & Forum for Composites, Technology and Applications

WE CONNECT – MATERIALS AND EXPERTS

10 – 12 September 2019
Messe Stuttgart, Germany

www.composites-europe.com

WELCOME AT COMPOSITES EUROPE 2019 AT STUTT GART!

Expected number of exhibitors: **>350**
from more than **30 nations**

Expected number of visitors: **9.000**
from more than **70 nations**

Composites Europe is a process-oriented, efficient platform for application and research, decisionmakers and investors

in the world's number one country for innovation in the industry: Germany

in Europe's largest composites market: Germany

in the economic hub of Stuttgart, in the heart of the country's most dynamic user region

WHY COMPOSITES EUROPE?

Composites Materials of the Future

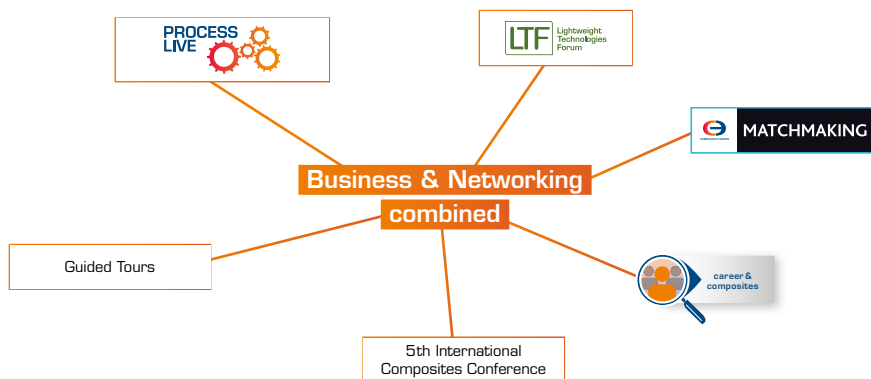

The European composites market is still on course of strong growth. Take advantage of this boom to identify sales opportunities, networking and do profitable business.

Sustainable Solutions and Concepts

COMPOSITES EUROPE shows material solutions, lightweight construction concepts and latest production and automation solutions to manage your construction challenges of the future – suitable for your application industry.

Dynamic Growth

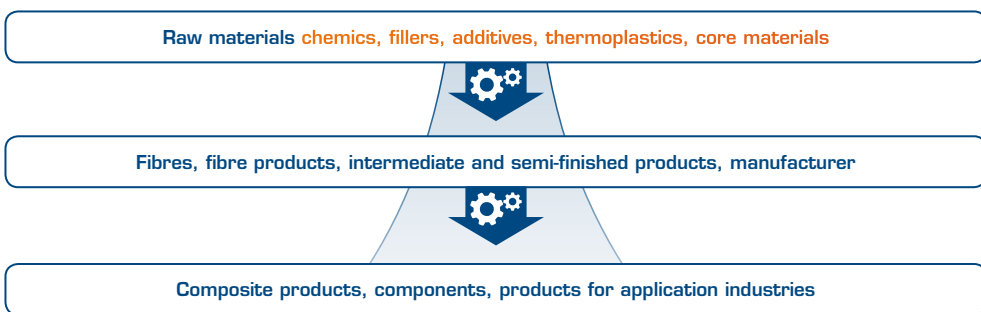

In the past ten years COMPOSITES EUROPE has become an international meeting point and networking platform for the entire composites industry. It is the perfect hotspot for products, processes, solutions and latest developments.

EXHIBITOR PROFILE

Meet more than 350 exhibitors of the following areas: Technology, automation, tools & consumable supplies

Machines & Equipment: Forming, Press Processes, Injection Moulding, Lay-up, Pultrusion, Injection, Wrapping, Pinning, Recycling

Services Research & development, software, CAD/CAM, test technology, services, information & media

NEW ICC – 5TH INTERNATIONAL COMPOSITES CONFERENCE

Starting this year, the trade fair and conference will be held concurrently in Stuttgart from 10 to 12 September and will move closer thanks to an integrative overall concept.

- big Opening Session with market outlook and trends
- in parallel to the trade fair
- three instead of two days
- flexible ticket structure
- Interaction at the trade fair

Topic Excerpt

- Smart Composites (Bio-Composites + Processing Technologies)
- Applications (Thermoplaste + Thermosets)
- Markets (New Mobility + Building & Construction)
- Future Challenges (Regulations + New Applications)
- Composites Science (R + D Updates + Young Innovators Solutions)

Guided by the trade association Composites Germany, organized by Reed Exhibitions Deutschland GmbH.

Find out more at www.composites-conference.com and take part!

GET YOUR TICKETS NOW:
